

CAPABILITIES STATEMENT

Demolition, Asbestos and Mold Abatement, and General Contracting for the Public and Private Sectors

COMPANY OVERVIEW

Band of Brothers Group, LLC is a Florida based small business headquartered in the Florida Panhandle, providing asbestos and mold abatement, structural demolition, and general contracting services. The company holds active state licensing in general contracting, asbestos abatement, and mold assessment and remediation, and delivers projects ranging from targeted abatement packages to full demolition and building finishing scopes. The company's leadership team brings decades of combined large scale construction and environmental remediation experience to every project.

CORE COMPETENCIES

- Asbestos abatement and transite pipe removal, including friable material remediation ahead of demolition and site closeout
- State licensed mold assessment and remediation for commercial and institutional facilities
- Structural demolition, including full building demolition packages
- General contracting and construction management for facility renovation and build out
- Site preparation and specialty trade contracting supporting new construction and infrastructure work

DIFFERENTIATORS

- Single vendor scope from abatement through rebuild, holding both asbestos abatement and general contracting licensure
- In-house licensing spans four disciplines, asbestos abatement, general contracting, mold assessment, and mold remediation, reducing subcontractor handoffs on multi-trade projects
- Leadership team with a combined track record exceeding \$120M+ in completed construction and abatement projects
